Pitt Med Professionalism Accolade

CONGRATULATIONS!

Sameer Jhaveri, DO

PGY1 Resident
Department of Medicine

Sameer has been an excellent intern/resident to have on the Internal Medicine rotation. He not only is exemplary with his responsibilities in clinical care, constantly demonstrating his compassion for his patients and clinical acumen, but he also gives so much effort to improving the experience for medical students. He engages in lively discussions with us in ways that better our learning by giving us a framework for thinking about high-yield topics. He also takes time out of his work day to send us useful resources. He also helps guide us through challenging clinical experiences. When having a conversation about end-of-life care with a patient, he made sure to debrief with me before and afterwards to make sure I was prepared and comfortable with what happened. The passion and humanity that he demonstrates are ideals to strive towards. I am absolutely confident he will continue to be an amazing doctor in whatever he chooses to specialize in.
