"During my surgery rotation, I had the privilege of working under Dr. Bonaroti, who exemplifies the qualities of an outstanding senior resident. The surgery clerkship is renowned for its intensity, but Dr. Bonaroti's leadership and mentorship transformed what could have been a daunting experience into an incredibly rewarding one.

Her dedication to her patients set a high standard of excellence. Dr. Bonaroti's guidance not only enriched my learning experience but also inspired me to strive for the same level of compassion, professionalism, and expertise in my own career."
