PITT MED PROFESSIONALISM ACCOLADE

MAHNOOR IMRAN, MD

Fellow
Department of Cardiothoracic Surgery
General Thoracic Surgery Integrated Program (PUH)

"Dr. Imran is an exceptional surgeon and an inspiring teacher who has left a profound impact on my medical education. During my surgery rotation, she consistently emphasized the importance of student education, making every effort to incorporate teaching into her busy schedule both in the operating room and on the hospital floor. Dr. Imran's dedication to mentorship was evident in her efforts to personalize the learning experience. She frequently asked about my specific interests and goals, and went out of her way to coordinate with the rest of the team to ensure I had opportunities tailored to my interests.

On a fast paced service, Dr. Imran consistently advocated for my involvement in the team. Her approachable demeanor and willingness to answer questions, created an environment where I felt supported and motivated to learn. I am grateful for Dr. Imran's example as an exceptional physician leader."
