PITT MED PROFESSIONALISM ACCOLADE

KUNAAL MEHROTRA

MS3 Student

"Kunaal is exactly who I'd want beside me in the hospital. He genuinely loves medicine and cares deeply about his patients and team. He builds real connections with patients and their families, taking the time to explain every part of their care, even the behind-the-scenes details, fostering a level of trust I haven't seen with other med students. He was …fully immersed in applying our medical knowledge and solving the [case conference] puzzle with us. It's so clear he loves this career. He inspired me throughout this rotation, and I have no doubt he'll be an excellent doctor."
