PITT MED PROFESSIONALISM ACCOLADE

KABIR GREWAL

MS2 Student

"During my dedicated study period for STEP 1, Kabir went above and beyond to support me, making a profound impact on my journey. He consistently checked in on my well-being, ensuring that I was managing both the academic and mental challenges of the intense preparation. Whether it was a quick message of encouragement, a willingness to listen, or sharing valuable strategies to study more effectively, his support was unwavering. His generosity with his time and insights not only helped me stay motivated but also allowed me to refine my approach and work smarter. I truly could not have achieved my success without him, and I am incredibly grateful for his kindness, wisdom, and selflessness."
