PITT MED PROFESSIONALISM ACCOLADES

Cultivating a Positive Learning Environment

“Avery was an outstanding Acting Intern in the MICU. She knew her patients very well and did a fantastic job talking with consulting teams, keeping the nurses up to date, and updating families. She naturally built trusting and meaningful relationships with her patients and their family members. Additionally, sometimes we needed to obtain an urgent lab or blood cultures, but the patient's IV access stopped working, and nurses were unable to collect blood for labs. Avery consistently volunteered to try with an ultrasound, and she was often successful in getting the sample we needed. It was wonderful to work with Avery, she is a great team player and will be a fantastic doctor!”
