

# Pitt Med Professionalism Accolade

## CONGRATULATIONS!

**Erik Jaklitsch**

**MS3 Student**

Erik has been a wonderful mentor and role model not only to me but also to other younger medical students. He is extremely approachable and always willing to assist with questions regarding studying, class schedules, and research. Despite his own busy schedule, Erik consistently prioritizes helping others, making each interaction feel meaningful and valued. His genuine kindness, reliability, and wisdom are truly admirable.
